Week 10: 10/16/17-10/20/17

Weekly News...

This week we continued our second IB unit Healthy Living. We kept learning about our body parts and their functions. We talked about what kind of food is good for teeth and what kind of food is bad for teeth. We watched a video of how to brush teeth correctly. We also talked about five sense and made a potato head matching the body parts with different sense. This Friday we had our second PBIS celebration-Fall Festival! We kept practicing MobyMax math in our math centers for both Kinder and first grade. They also can practice the areas that they need to work on at home. For Kinder Math we worked with numbers 10 in different configurations and solving problems using stories. For 1st Grade we learned how to count on, find missing number, and the concept of equal sign. We keep practicing all the procedures and reinforce school wide expectations. If you have any questions, please contact us at jing@gala-prek8.org, john@gala-prek8.org or errin@gala-prek8.org. Thank you for all your support!
